Massanutten Sustainability Updates _____

In 2022, Massanutten Resort was a part of the **National Ski Area Association's (NSAA) Climate Challenge** for the first time! To participate in this challenge, we were required to do both emission reduction and advocacy projects. This helped guide many of our sustainability initiatives over the past year, such as **installing solar energy, snowmaking efficiency**

upgrades, LED slope lighting, seasonal guest shuttle, etc. NSAA recently released the 2022 Annual Report. Click [here](#) to take a look for yourself.

As mentioned, the **Massanutten Resort Shuttle** is here for the winter season! When you escape to Massanutten, leave all your worries at home. This winter, we want you to relax, save your gas, and not have to worry about parking- let us drive you around wherever you want to go on the resort. To stay up to date on all things shuttle related throughout the winter, **check out our website at www.massresort.com/shuttle**. Thank you for helping us reduce the emissions at Massanutten with less single cars on the road.
